

Analytical Science Network

A body of young scientists

Mission Statement

“The ASN creates opportunities for younger analytical scientists to enhance their subject knowledge and transferable skills, thereby ensuring their Continual Professional Development.

Through mutual help, our membership collectively raises the professional standing and awareness of Analytical Science and promotes its importance and value to society.”

Why?

**Raise the profile of analytical
scientists**

Share successes

**Give YOUNG members a voice in
RSC and Analytical Division**

How?

EYP Conference (annual event)

**Analytical Science in Schools
(ASIS)**
